PRL makes MAINTENANCE *Easier*

to prolong the bright and sparkling new glass appearance of shower units **with innovative products,**

applied-on

DS [®] **DIAMOND SEAL**

Diamond Seal improves the clear bright and sparkling new glass appearance.

Resists staining and discoloration caused by limescale & hard water stains.

Maintenance is simple since washing is cut in half with a squeegee & enhanced with a conditioner to prolong DS life.

Eliminates tedious harsh and abrasive cleaning methods that cause chemical attack and physical damage on glass.

TEMPERED GLASS

Unlimited Glass Applications

Tempered glass is always much more resistant to breakage than raw glass. Even if it breaks, usually the glass disintegrates into relatively small pieces, which is less likely to cause a serious injury. It is very common for glass doors, sidelites, balconies, etc.

***Oversize tempered glass available
